

Computer -	A device that can process data.
Hardware -	A physical device - tangible
Software -	Instructions and raw data - Intangible
Peripheral -	An add-on component
Component -	A related part
Input -	Data that goes into memory
Output -	Data that comes from memory
System Unit -	The case that contains components of a computer
Program -	A set of instructions that tells a computer what to do.
File -	A resource for storing data
3-Number Systems -	Binary, Hexadecimal, Decimal
Boot -	Start up a computer
Cold Boot -	Start up from being off
Warm Boot -	Start up from being on
CPU -	Central Processing Unit - Control Unit & Arithmetic Logic Unit
Data -	Unprocessed data, raw data
Information -	Processed data
Icon -	An image that represents a program or task
RAM -	Random Access Memory
ROM -	Read Only Memory. WORM
Disk -	Magnetic storage, random access
Tape -	Sequential access
IPO -	Input, Process, Output, Storage
Optical -	Pits and Land, Random Access
Read -	Obtain data from storage
Write -	Send data to storage
Analog -	Variable, sweep hand clock
Digital -	Exact, Binary
Computer Literacy -	Having current knowledge and understanding of computers
Storage Device -	Hardware that holds data and instructions
Storage Media -	The type of storage - Tape, Magnetic, Optical
Network -	A set of connected computers that share resources
Advantages of Computers -	Speed, Reliability, Consistency, Storage, Communication
Disadvantages of Computers -	Privacy, Safety, Labor Force, Health, Environment
WWW -	World Wide Web
Web Page -	Can contain text, graphics, audio, animation, video
Web Site -	A set of related web pages
Web 2.0 -	Sites that provide means for users to share information
GUI -	Graphical User Interface, Windows
System Software -	Programs that control the operations of a computer
Operating Software -	Software that coordinates activities of hardware & software
Install -	Set up software to work Run - Copies from storage to memory
Execute -	Carry out instructions
Convergence -	Overlapping
Internet -	A network of networks
Chat -	Real-time typed communication
Real-Time -	Live, at the current time
Blog -	Journal entries
Vlog -	Video files as entries
